- Duration:** Varies. Three available sessions over 5 days
- Prerequisites:** Session 1: None. Sessions 2 & 3: Strong End User knowledge via experience in EPM Live and/or training. Session 1 meets requirements for Sessions 2 & 3.
- PMI PDUs:** TBD

### Course Description

---

The EPM Live Fusion Boot Camp is designed for individuals who need a solid working knowledge of EPM Live from the perspective of user roles and for the individuals who need to know and understand how to configure and administer the EPM Live product. This Boot Camp is broken down into three sessions and select topics are delivered on each day. Each session includes hands-on exercises, daily practice labs, and use cases to help attendees better understand the various aspects and modules of EPM Live. Attendees may register for and attend any/all of the sessions.

Session 1 – Monday & Tuesday:  
End User Topics

Session 2 – Wednesday: Reporting Deep-Dive

Session 3 – Thursday & Friday:  
Admin Essentials

### Course Objectives

---

By the end of this course, you will better understand:

- EPM Live Project Life Cycle
- Create a Project Item & Build a Project Team
- Creating Project Schedules in the Online Planner
- Building Resource Plans

- Managing Resource Commitments
- Building Cost Plans
- EPM Live Reporting Solutions
- EPM Live Databases & Data Flow
- Building Custom Reports
- Configuration of User Management Settings
- Navigation & Organization
- Communities & Apps
- Configuration of List App Settings & Presentation
- How to Manage System Security and Permissions

### Learning Outcome

---

Upon successful completion of this Boot Camp course, attendees will be familiar with how to use and configure many of the features of EPM Live. This includes a focus on how to configure the site using frequently used administrative tools, as well as how to create, analyze, select, manage, schedule, and report on projects.
